10 OF 10

STATEMENT FROM APR 16 TO MAY 13, 2024

Time to Pay

If you make only the Minimum Payment each month, we estimate it will take 35 year(s) and 7 month(s) to fully repay the outstanding balance. Our estimate is based on the Total Account Balance shown on this statement and your current credit card account terms. This estimate is intended solely to illustrate how making only the Minimum Payment will increase the time it takes to pay your balance and is not a recommended long term repayment plan.

Your account is currently set up on an Auto Pay plan

Based on the option you previously selected the New Balance amount as shown on this statement will be posted to your account on the Payment Due Date. If you have made any additional payments (or credit refunds) prior to the Auto Pay, we will reduce the Auto Pay amount by those additional payments posted. Please contact us if you have any questions at 1-888 ROYAL® 8-5.

Please Note:

The 'T' to the left of the transactions on this statement indicate they have been transferred from your previous account. Should there be any discrepancies, please contact us immediately.

Important Information about your RBC Credit Card Account

Our records indicate that you made a foreign currency transaction(s) that was posted to your account between March 12 and April 1, 2024. Due to an error, the foreign currency markup assessed on some of these transactions may have been higher than the 2.5% applicable to your account.

We credited your account the amount that was overcharged within the above noted timeframe, plus any resulting interest and over limit fee charged due to the error. We have also provided an additional interest credit at an annual rate of 5% on the amount of this credit. These credits will appear on your May 2024 monthly statement.

We apologize for any inconvenience this may have caused you.

INTEREST RATE CHART

Description	Rate (%)	Remaining Balance**	Expiry Date
Purchases & Fees	20.99	\$4,049.44	

** The "Determination of Interest" section on the back of your statement explains how interest is charged and how you may avoid interest charges on purchases and fees and the "Applying your payments" section explains how payments are applied to the Remaining Balances shown above.
