Time to Pay

If you make only the Minimum Payment each month, we estimate it will take 184 year(s) and 11 month(s) to fully repay the outstanding balance. Our estimate is based on the Total Account Balance shown on this statement and your current credit card account terms. This estimate is intended solely to illustrate how making only the Minimum Payment will increase the time it takes to pay your balance and is not a recommended long term repayment plan.

Your account is currently set up on an Auto Pay plan

Based on the option you previously selected the New Balance amount as shown on this statement will be posted to your account on the Payment Due Date. If you have made any additional payments (or credit refunds) prior to the Auto Pay, we will reduce the Auto Pay amount by those additional payments posted. Please contact us if you have any questions at 1-888 ROYAL® 8-5.
