<b>SUBTOTAL OF MONTHLY ACTIVITY</b>			<b>\$6,592.14</b>
<b>TOTAL ACCOUNT BALANCE</b>			<b>\$12,078.82</b>

#### Time to Pay

If you make only the Minimum Payment each month, we estimate it will take 106 year(s) and 1 month(s) to fully repay the outstanding balance. Our estimate is based on the Total Account Balance shown on this statement and your current credit card account terms. This estimate is intended solely to illustrate how making only the Minimum Payment will increase the time it takes to pay your balance and is not a recommended long term repayment plan.

#### Important Information about your RBC Credit Card Account

Our records indicate that a credit transaction posted to your previous credit card was not transferred to your current credit card in a timely manner. This delay resulted in additional charges to your account.

To correct this, we have applied a credit to your account, representing overcharged interest plus any resulting overlimit fees that were charged due to the delay. We have also provided an additional amount for interest calculated at an annual rate of 5% on the amount of this credit. The credit appears on this monthly statement as CREDIT ADJUSTMENT.

We apologize for any inconvenience this may have caused you.
