## Capital Gains or Losses

**Schedule 3**

**Protected B**  
when completed

Complete this schedule to calculate your taxable capital gains to report on line 12700 of your return. If you realized a capital gain on a disposition, you may be able to claim a capital gains deduction for a qualifying business transfer (line 25395) or capital gains deduction (line 25400).

For more information about capital gains or losses, including business investment losses, go to [canada.ca/taxes-capital-gains](https://canada.ca/taxes-capital-gains). For help completing this schedule, see Chapter 2 of Guide T4037, Capital Gains.

If you need more space, attach a separate sheet. **Attach** a copy of this schedule to your paper return.

### How to complete this schedule

Part 1 – Complete this part if you disposed of property in 2024 that was your principal residence and that you are claiming a principal residence exemption for.

Part 2 – Complete this part if you disposed of a housing unit, or a right to acquire a housing unit, located in Canada (including a rental property) that was **not** already considered inventory and was owned for **less than 365 consecutive days** before the disposition.

Part 3 – Complete this part to report the disposition of different types of property during Period 1 (January 1 to June 24, 2024) and Period 2 (June 25 to December 31, 2024)

Part 4 – Complete this part to calculate your total capital gains or losses for periods 1 and 2.

Part 5 – Complete this part to calculate your taxable capital gains or net capital loss.

### If you have a net capital loss

Do **not** report your net capital loss for 2024 on line 12700 of your return. You can carry it forward indefinitely and apply it against a taxable capital gain in the future. Your net capital loss, if any, will appear on your 2024 notice of assessment or reassessment.

If you would like to apply the net capital loss you incurred in 2024 against taxable capital gains you reported on your 2021, 2022 or 2023 return, complete Form T1A, Request for Loss Carryback.

**Note:** If you are completing this schedule for a deceased person, go to [canada.ca/taxes-deceased-net-capital-loss](https://canada.ca/taxes-deceased-net-capital-loss).

### Part 1 – Principal residence

Complete Form T2091(IND), Designation of a Property as a Principal Residence by an Individual (Other than a Personal Trust), or Form T1255, Designation of a Property as a Principal Residence by the Legal Representative of a Deceased Individual, whichever applies.

A deemed disposition occurs when you are considered to have disposed of property even though you did not actually sell it. For example, a deemed disposition may occur when you change how you use your principal residence, such as when you change all or part of your principal residence to a rental or business operation, or change your rental or business operation to a principal residence.

If you were **not** a resident of Canada for the entire time you owned the designated property, your period of non-residence may reduce or eliminate the amount of the principal residence exemption. For more information, see Income Tax Folio S1-F3-C2, Principal Residence.

#### Principal residence designation

Tick the box that applies to your designation of the property described on Form T2091(IND) or Form T1255.

- 17900**
- 1  I designate the property as my principal residence for all of the years that I owned it or for all of the years that I owned it except one year.
  - 2  I designate the property as my principal residence for some but not all of the years that I owned it.
  - 3  I designate the properties as my principal residences for some or all of the years that I owned them.

## Part 2 – Flipped property

A **flipped property** is a housing unit (including a rental property) located in Canada or a right to acquire a housing unit located in Canada that you owned or held, for **less than 365 consecutive days** before its disposition (12-month holding period). A property is **not** considered a flipped property if it was already considered to be inventory or was owned or held for 365 or more consecutive days before its disposition or if the disposition occurred due to, or in anticipation of, certain life events as listed at line 17906 below.

If you disposed of a flipped property, the resulting gain on the disposition is taxable as business income and **not** as a capital gain. To report this transaction, complete Form T2125, Statement of Business or Professional Activities.

For more information about property flipping, go to [canada.ca/cra-property-flipping](http://canada.ca/cra-property-flipping).

Did you dispose of a housing unit, or a right to acquire a housing unit, located in Canada (including a rental property) that was **not** already considered inventory and was owned for **less than 365 consecutive days** before the disposition?

**17905**  Yes  No

If **no**, the housing unit is **not** considered a flipped property and any gain from the disposition of the property is taxable as a capital gain.

If **yes**, was the disposition due to, or in anticipation of, any of the following life events?

Tick the boxes that apply, if any:

- 17906**
- 1  the death of the taxpayer or a related person
  - 2  a related person joining the taxpayer's household or the taxpayer joining a related person's household (for example, moving in with a spouse or common-law partner, for the birth of a child, adoption, or care of an elderly parent)
  - 3  the breakdown of a marriage or common-law partnership where the taxpayer had been living separate and apart from their spouse or common-law partner for **at least 90 days** before the disposition
  - 4  a threat to the personal safety of the taxpayer or a related person (for example, domestic violence)
  - 5  a serious disability or illness of the taxpayer or a related person
  - 6  the eligible relocation of the taxpayer or their spouse or common-law partner where the taxpayer's new home is **at least 40 kilometres closer** to the new work location or school (generally, an eligible relocation allows the taxpayer to carry on business, be employed or attend full-time post-secondary education)
  - 7  the involuntary termination of employment of the taxpayer or their spouse or common-law partner
  - 8  the insolvency of the taxpayer (for example, due to an accumulation of debt)
  - 9  the destruction or expropriation of the taxpayer's property (for example, when the property is destroyed due to natural or man-made disaster)

If you answered **yes** at line 17905 and **one or more** of the life events above apply to you, the housing unit is **not** considered a flipped property and any gain from the disposition of the property is taxable as a capital gain. For more information, go to [canada.ca/real-estate-income](http://canada.ca/real-estate-income).

If you answered **yes** at line 17905 and **none** of the life events above apply to you, the housing unit is considered a flipped property and the gain is taxable as business income. To report this transaction, complete Form T2125, Statement of Business Income or Professional Activities. For more information, go to [canada.ca/taxes-business-income](http://canada.ca/taxes-business-income) or see Guide T4002, Self-employed Business, Professional, Commission, Farming, and Fishing Income.

Use this form to calculate the amount you can deduct from your federal tax for 2024. If this claim is for a year before 2024, go to [canada.ca/cra-forms](https://canada.ca/cra-forms) to get a previous version of this form.

You can claim this credit if you were resident in Canada at any time in the tax year and you had to include, on your Canadian return, income sourced from a country other than Canada for which you paid non-business or business taxes to that foreign country.

Send only one Form T2209 per tax year. If your total foreign taxes paid to **all** foreign countries was **more than \$200**, calculate the total foreign taxes paid for each foreign country on a separate sheet and enter the total on this form.

For more information, see Income Tax Folio S5-F2-C1, Foreign Tax Credit.

(1) **Non-business income tax paid to a foreign country**

Total of non-business income or profits tax you paid to that country or to a political subdivision of that country for the year, minus any part of this tax that is deductible under subsection 20(11) or deducted under subsection 20(12) of the ITA. Non-business income tax paid to a foreign country does not include tax that can reasonably be attributed to an amount that:

- any other person or partnership has received, or is entitled to receive from the foreign country
- relates to taxable capital gains from that country, and you or your spouse or common-law partner claimed a capital gains deduction for that income
- was deductible as income exempt from tax under a tax treaty between Canada and that country
- was taxable in the foreign country because you were a citizen of that country, and relates to income from a source within Canada

**Note**

The CRA considers any amount of tax you paid to a foreign government in excess of the amount you had to pay according to a tax treaty as a voluntary contribution and does not qualify as foreign taxes paid.

(2) **Net foreign non-business income**

Net amount you calculate when the non-business income you earned in a foreign country is more than the non-business losses you incurred in that country. When you calculate the non-business income and losses, claim the allowable expenses and deductions relating to the foreign income or loss. Subtract all of the following from your foreign non-business income:

- your income from that foreign country for which you claimed a capital gains deduction
- your income that was, under a tax treaty between Canada and that country, deductible as exempt from tax in Canada or in that country
- your foreign resource and exploration and development expenses
- a deduction you claimed under subsections 20(11) or 20(12) and under subsection 4(3) of the ITA relating to the foreign income, including any deduction claimed for:
  - your foreign union dues
  - your contributions to a foreign pension plan or a social security arrangement
  - your foreign carrying charges

Do **not** reduce your foreign non-business income by any deduction you claimed for a dividend you received from a controlled foreign affiliate. If your net foreign non-business income is more than your net income, use your net income in the calculation.

For more information on deductions claimed under subsections 20(11) and 20(12) of the ITA, see Income Tax Folio S5-F2-C1, Foreign Tax Credit.

**Note**

Include only your foreign non-business income for the part of the year you were a resident of Canada.

(3) **Net income**

Amount from line 23600 of your return (or the amount you would have entered if the instructions said "if negative, show in brackets") **plus** the amount on line 68360 of Form T1206, Total split income, **minus** any:

- amount deductible as a Canadian Forces personnel and police deduction (line 24400 of your return)
- amount deductible as security options deductions (line 24900 of your return)
- amount deductible as additional security options deductions (line 24901 of your return)
- amount deductible as an other payments deduction (line 25000 of your return)
- net capital losses of other years you claimed (line 25300 of your return)
- capital gains deduction for qualifying business transfer you claimed (line 25395 of your return)
- capital gains deduction you claimed (line 25400 of your return)
- amounts deductible as net employment income from a prescribed international organization, as foreign income exempt under a tax treaty, or as adult basic education tuition assistance (included on line 25600 of your return)

**(4) Basic federal tax**

Line 42900 of your return **plus** any:

- federal dividend tax credit (line 40425 of your return)
- federal surtax on income you earned outside Canada (line 10 of Part 2 of Form T2203 or 48% of the amount from line 42900 of your return)

**minus** any:

- refundable Quebec abatement (line 44000 of your return or line 15 of Part 2 of Form T2203)
- federal refundable First Nations abatement (line 44100 of your return)

**Note**

If you were a **resident of Quebec**, basic federal tax is the amount on line 42900 of your return **plus** any:

- federal dividend tax credit (line 40425 of your return)

**minus** any:

- refundable Quebec abatement (line 44000 of your return or line 15 of Part 2 of Form T2203)

**(5) Business income tax paid to a foreign country**

Total of business income or profits tax you paid to a country or a political subdivision of a country for the year. If you were a resident of Quebec, multiply this amount by 55%. It does not include any part of the business income tax that can be reasonably attributed to an amount that any other person or partnership has received or is entitled to receive from a country, or that was payable on income that was exempt from tax under a tax treaty between Canada and that country.

**Note**

The CRA considers any amount of tax you paid to a foreign government in excess of the amount you had to pay according to a tax treaty as a voluntary contribution and does not qualify as foreign taxes paid.

**(6) Unused business foreign tax credits**

Unused business foreign tax credits can be carried forward 10 years and carried back 3 years.

**(7) Net foreign business income**

Net amount by which the business income you earned in a foreign country is more than the business losses you incurred in that country. When you calculate the business income and losses, claim the allowable expenses and deductions relating to the foreign income or loss, including foreign resource and exploration and development expenses. Also reduce your foreign business income by any income from that country that was, under a tax treaty between Canada and that country, exempt from tax in Canada or in that country. If your net foreign business income is more than your net income, use your **net income** in the calculation.

**Note**

Include only the foreign business income for the part of the year you were a resident of Canada.

**(8) Basic federal tax**

Line 42900 of your return **plus** any federal dividend tax credit (line 40425 of your return).

**Note**

If you were a resident of Quebec, these instructions do not apply. Instead, follow the instructions for Quebec residents in note (4) above to calculate the "Basic federal tax" at line 5 of this form.

## Provincial or Territorial Foreign Tax Credit

Use this form to calculate the foreign **non-business** income tax credit for 2024 that you can deduct from the income tax payable to the province or territory you resided in at the end of the tax year.

This form does **not** apply to **residents of Quebec**.

If you must pay minimum tax and you were a **resident of Manitoba**, you **cannot** claim a provincial foreign tax credit.

Before you complete this form, calculate your federal foreign tax credit by using Form T2209, Federal Foreign Tax Credits. If the amount of the federal foreign non-business income tax credit you are entitled to deduct is equal to the foreign non-business tax you paid, your provincial or territorial foreign tax credit would be zero. As a result, you do not have to complete this form.

If you paid tax to **more** than one foreign country, and the total of the non-business income taxes that you paid to all foreign countries was **more than \$200**, do the calculation on a separate form for each country in Canadian dollars. Enter the total on this form.

**Country or countries for which you are making this claim:** United States

Enter the amount from line 43100 of Form T2209. 1,219|26 **1**

Enter the amount from line 3 of Form T2209.  
If you must pay minimum tax for 2024, see the [note](#) 1,134|84 **2**

Net income <sup>(2)</sup>	66,021 98				

Enter **whichever amount is less**: line 3 or line 4.  
The amount on line 5 **should not** be more than the amount entered on the line for provincial or territorial tax otherwise payable. **Provincial or territorial foreign tax credit** 84|42 **5**

Enter the total from line 5 (of each form if applicable) on the line for the provincial or territorial foreign tax credit of Form 428. If you have to pay tax to more than one jurisdiction, enter the amount from line 5 on the applicable line in Part 4, Section 428MJ of Form T2203, Provincial and Territorial Taxes for Multiple Jurisdictions, only for the province or territory you resided in on the last day of the tax year.

**Note**

If you must pay minimum tax and you were a resident of **British Columbia** at the end of the year, enter the amount from line 3 of Form T2209 on line 2.

If you must pay minimum tax and you were a resident of **Ontario** at the end of the year, follow the instructions that apply to your situation:

- If the total non-business income taxes you paid to all foreign countries is **\$200 or less**, calculate the ratio of the amount from line 1 over the sum of the amount on line 1 of this form and the amount on line 8 of Part 4 of Form T691, Alternative Minimum Tax, and enter the product of this ratio and the special foreign tax credit (line 11 of Part 4 of Form T691) on line 2; **otherwise**
- For each country, calculate the ratio of the amount from line 1 for that country over your total foreign taxes paid for 2024 (for example, the sum of (i) the amount on line 7 of Part 4 of Form T691 divided by 66.6666% and (ii) the amount on line 8 of Part 4 of Form T691), and enter the product of this ratio and the special foreign tax credit (line 11 of Part 4 of Form T691) on line 2 of the sheet for that country.

If you must pay minimum tax and you were a resident of **another province or territory** at the end of the year, enter the part of special foreign tax credit (line 11 of Part 4 of Form T691) that relates to non-business income taxes you paid to a foreign country for 2024 on line 2.

**(1) Net foreign non-business income**

Enter the amount reported as net foreign non-business income from line 2 of Form T2209.

**(2) Net income**

Enter the amount reported as net income from line 2 of Form T2209.

If you were a resident of Canada for part of the year, include the income for the part of the year you were a resident of Canada plus any income and losses referred to in paragraphs 115(1)(a) to (c) of the Income Tax Act as reported on your Canadian tax return, for the part of the year you were not a resident of Canada.

If you paid tax to more than one jurisdiction in 2024, calculate this amount according to note (3) of Form T2209. However, instead of using "line 23600 of your return plus the amount on line 68360 of Form T1206" as stated in that note, use the amount allocated to your province or territory of residence in column 4, Part 1 of Form T2203 to do the calculation.

**(3) Provincial or territorial tax otherwise payable**

If you were a resident of a province or territory **other than** Ontario, Alberta, or British Columbia, enter the amount of tax calculated **before** determining the provincial or territorial foreign tax credit by using the appropriate Form 428. However, if you have to pay tax to more than one jurisdiction, complete the applicable part of Section 428MJ of Form T2203 for the province or territory in which you resided at the end of the year.

If you were a resident of **Ontario**, calculate this amount by entering "0" on lines 70 and 72 of Form ON428 and continue the calculation. The result from line 81 is your provincial or territorial tax otherwise payable. If you paid tax to more than one jurisdiction in 2024, calculate this amount by entering "0" on lines 43 and 45 in Part 4 of Section ON428MJ of Form T2203 and continue the calculation. The amount from line 58 is your provincial or territorial tax otherwise payable.

If you were a resident of **Alberta**, calculate your provincial or territorial tax otherwise payable by adding the amount from line 56 to the amount on line 61 of Form AB428 or by adding the amount from line 13 to the amount from line 32 in Part 4 of Section AB428MJ of Form T2203.

If you were a resident of **British Columbia** at the end of the tax year, your provincial or territorial tax otherwise payable is the amount of tax calculated **before** determining the provincial and territorial foreign tax credit minus any British Columbia additional tax for minimum tax purposes from Form BC428 or Section BC428MJ of Form T2203.

See the privacy notice on your return.
